

DATASHEET

TR-SFP31SS1310-1550-SC

TR-SFP31SS1310-1550-SC is a compact transceiver used to connect network devices such as switches and routers to fiber optic cables.

Basic Equipment

- SFP unit 1pcs.
- Device datasheet..... 1pcs.

Specification

Model	TR-SFP31SS1310-1550-SC
Connector type	SC
Fiber type	Single-mode
Number of ports	1
Data transfer rate	Up to 1.25 GB/s
Wavelength	1310 - 1550
Transmission distance	3 km
Optical power budget	14 dB
Support	DDM
Operating temperature	0°C...70°C
Device dimensions (W × D × H), mm	65 × 14 × 13
Package dimensions (W × D × H), mm	114 × 46 × 22

Warranty

- Two years warranty service from the date of sale.
- In case of the warranty card absence, the warranty period is determined from the date of sale.
